Issue date: April 17, 2026

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

SEARCH RESULTS – NO CONFLICTING MARKS FOUND

SUMMARY OF ISSUES:

- Disclaimer Required

DISCLAIMER REQUIRED

Applicant must disclaim the wording "SYSTEMS LAB" because it is merely descriptive of an ingredient, quality, characteristic, function, feature, purpose, or use of applicant's services. *See* 15 U.S.C. §§1052(e)(1), 1056(a); *DuoProSS Meditech Corp. v. Inviro Med. Devices, Ltd.*, 695 F.3d 1247, 1251, 103 USPQ2d 1753, 1755 (Fed. Cir. 2012); TMEP §§1213, 1213.03(a).

The attached dictionary evidence states that the relevant meaning of the word "SYSTEMS" is "a group of devices or artificial objects or an organization forming a network especially for distributing something or serving a common purpose." Further, the attached dictionary evidence shows that "LAB" is an abbreviation of "laboratory," which is understood to mean "a place providing opportunity for experimentation, observation, or practice in a field of study."

Thus, the wording merely describes applicant's services, namely, consultation provided by a place providing opportunity for experimentation, observation, or practice (i.e., a lab) in the field devices or artificial objects or an organization forming a network especially for distributing something or serving a common purpose (i.e., systems).

Applicant may respond to this issue by submitting a disclaimer in the following format:

> **No claim is made to the exclusive right to use "SYSTEMS LAB" apart from the mark as shown.**

For an overview of disclaimers and instructions on how to provide one using the electronic response form, see the Disclaimer webpage.

RESPONSE GUIDELINES

For this application to proceed, applicant must explicitly address each refusal and/or requirement in this Office action. For a refusal, applicant may provide written arguments and evidence against the refusal, and may have other response options if specified above. For a requirement, applicant should set forth the changes or statements. Please see the Responding to Office Actions webpage for more information and tips on responding.

Persons who can properly sign responses. If an applicant is not represented by a U.S.-licensed attorney qualified under 37 C.F.R. §11.14, the response must be signed by the individual applicant or someone with legal authority to bind a juristic applicant (e.g., a corporate officer or general partner). *See* 37 C.F.R. §2.193(e)(2)(ii); TMEP §611.03(b). In the case of joint applicants, all must sign. 37

C.F.R. §2.193(e)(2)(ii); TMEP §611.06(a). If an applicant is represented by a U.S.-licensed attorney qualified under 37 C.F.R. §11.14, the attorney must sign the response. 37 C.F.R. §2.193(e)(2)(i); TMEP §611.03(b). In all cases, the signer's first and last name and title or position must be specified immediately below or adjacent to the signature. 37 C.F.R. §2.193(d); TMEP §611.01(b).

QUESTIONS

Please call or email the assigned trademark examining attorney with questions about this Office action. Although an examining attorney cannot provide legal advice, the examining attorney can provide additional explanation about the requirement in this Office action. *See* TMEP §§705.02, 709.06.

The USPTO does not accept emails as responses to Office actions; however, emails can be used for informal communications and are included in the application record. *See* 37 C.F.R. §§2.62(c), 2.191; TMEP §§304.01-.02, 709.04-.05.
